CAREER OBJECTIVE

Motivated Software Developer with a Master's degree in Computer Science and a strong interest in cybersecurity and secure application development. Actively involved in academic and personal projects, contributing to application design, debugging, and performance optimization. Seeking an opportunity to leverage technical expertise and problem-solving abilities within a dynamic software engineering team

TECHNICAL SKILLS:

FRONT END: HTML | CSS | ReactJS. **TOOLS:** Selenium | JMeter | Power BI | Android Studio.
PROGRAMMING LANGUAGES: JAVA | C. **DATABASE:** MongoDB | MySQL | PostgreSQL.
CYBER SECURITY: VAPT | SIEM Tools | Kali Linux | CTF | Forensics Tools | SE Tools.
FRAMEWORKS: Spring Boot | Maven. **ADDITIONAL SKILL:** Networking | Hardware.

PROJECTS:

1. ADVANCED PERSISTENT THREAT (APT) DETECTION USING HONEYPOT - (2025)

- Developed an Advanced Persistent Threat (APT) detection honeypot system integrating SSH, FTP, and camera-jacking simulation with ELK Stack dashboards.

2. ANTI-KEYLOGGER DETECTION SYSTEM - (2024)

- This Project, Provides A Dual-Function Platform That Includes a Keylogging Module for Capturing and Analysing User Keystrokes, And Mitigates Potential Keylogging Threats.

3. BLOOD BANK MANAGEMENT SYSTEM - (2023)

- A Web-Based, Digitized, And Secure IT Solution Designed to Manage Blood Donation, Inventory Tracking, And Distribution from Donor to Recipient.

4. CAB BOOKING SYSTEM (console application)

- This Project Mastering Object-Oriented Programming (OOP), Data Structures, And Logical Flow.
-

EDUCATION

- **M. Sc -- COMPUTER SCIENCE** -- Alagappa University, Karaikudi, Tamil Nadu. 2023 -- 2025.
CGPA: 7.20.
 - **B. Sc -- COMPUTER SCIENCE** -- GAAS College of Tharagampatty, Karur, Tamil Nadu 2020 -- 2023.
CGPA: 7.40.
-

ACHIEVEMENTS

- Completed **Cyber Security Trainee Internship** at CSUITE TECH LABS (Jan-Mar 2025), gaining practical experience in cybersecurity analysis and security practices.
 - Earned **Java Programming Certification** from Basant Technology.
-
